Commitments to Tarpon Funds

Fundraising efforts concentrated towards the new co-investment vehicle.

Tarpon Special Opportunities Fund "TSOF"

Co-investment strategy

The new co-investment strategy will serve as a sidecar/co-investment fund, which primary objective is to co-invest with the other Tarpon Funds in certain special public and private equities.

Launched in January/2010

Our challenge going forward is to not let the growth of our asset base dilute the potential returns of the existing strategies.

Through TSOF, we intend to have more flexibility to capture specific investment opportunities together with the main funds, benefiting both strategies.

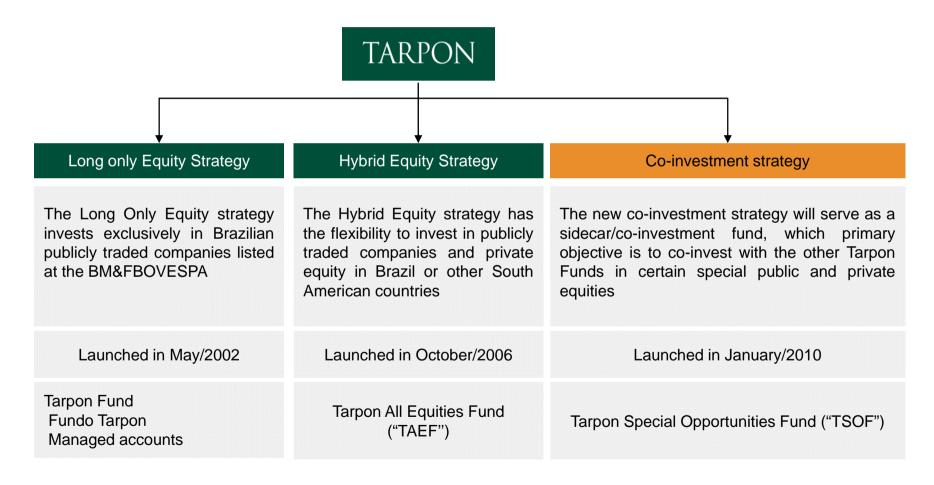

The new commitments came from highly sophisticated investors, with long term investment approach

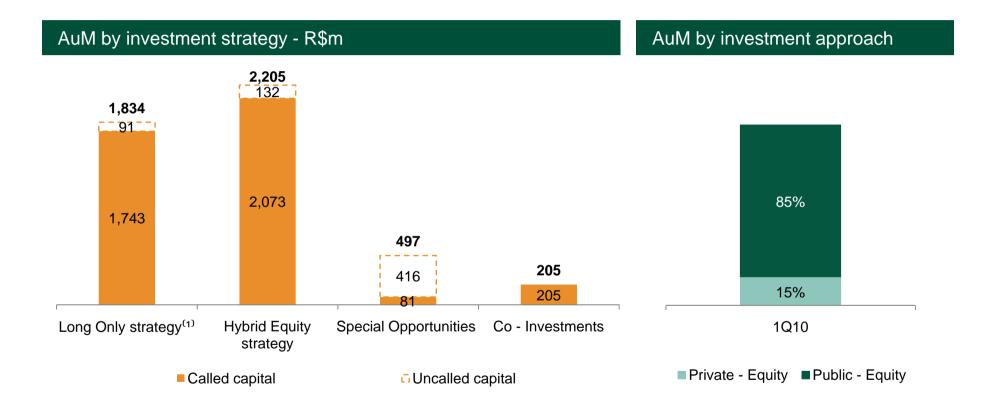

Investment vehicles and strategy
